

2026 EEO Public File Report for Burlington Telecom

Chittenden County, VT

EEO Unit # 0010480093

This report covers October 1, 2025 – September 30, 2026

Total number of full-time vacancies filled this period: 13

Total number of people interviewed for full-time vacancies this period: 45

Supplemental Recruitment Initiative:

Burlington Telecom is committed to making affirmative outreach efforts consistent with Commission regulations. To achieve broad outreach when recruiting to fill vacancies, this unit uses a mix of national, regional, and local recruitment sources compliant with the outreach provisions of 47 C.F.R. § 76.75(b). This unit satisfied its two required supplemental recruitment initiatives during the reporting period as follows:

Pursuant to 47 C.F.R. § 76.75(b)(2)(vi), this unit engaged a recruiting consultant to utilize a dedicated LinkedIn Recruiter seat throughout the reporting period to build ongoing relationships with prospective candidates across the broadband and technical trades industries, independent of any specific vacancy. This outreach broadened the unit's visibility to a wider and more diverse pool of potential applicants and established a pipeline of engaged candidates for future openings.

Pursuant to 47 C.F.R. § 76.75(b)(2)(xiv), this unit provided training to management-level personnel on methods of ensuring equal employment opportunity and preventing discrimination. Hiring managers completed a four-part hiring manager training series covering resume review, interviewing, compliance and bias awareness, and offer/onboarding, including FCC EEO compliance content, UKG Pro Recruiting workflow guidance, and scenario-based content addressing national origin bias and inconsistent interview questioning.

In addition to the two supplemental recruitment initiatives described above, this unit also participated in Tech Jam, an annual career and technical expo, on October 25, 2025. Staffed by unit leadership, the table included recruiting flyers and one-on-one conversations with attendees about employment opportunities at Burlington Telecom, further broadening the unit's visibility to prospective candidates in the community.

Community outreach and partnerships during the reporting period included:

- Volunteered with Essex Junction Parks & Recreation to help prepare for the community Pumpkin Palooza event (10/26/2025).
- Donated \$10,000 through the Gig Up & Give Back initiative to support local food shelves (late 2025).
- Continued the self-funded Internet Assistance Program, providing affordable internet access to qualifying applicants (ongoing).
- Sponsored the Fletcher Free Library Mini Golf Fundraiser (2026).
- Served as a sponsor and connectivity partner for the Burlington Farmers Market (2026).

- Sponsored the South Burlington Recreation & Parks Family Paint Night at the South Burlington Senior Center (4/17/2026).
- Sponsored additional community events through a continued partnership with South Burlington Recreation & Parks (2026).
- Participated in Touch-a-Truck in Colchester (2026).
- Sponsored and participated in Dragonheart Vermont, supporting an event raising funds and awareness for breast cancer (8/16/2026).

Burlington Telecom associates are automatically eligible to enroll in an array of certification programs and college-accredited courses from NCTI designed to advance their professional growth, including degree programs in Broadband Technology, Broadband Leadership, and Broadband Customer Care. We had 11 individuals successfully complete 44 courses in the reporting period.

Company-Wide Training Initiatives:

All employees and managers of this unit were assigned a four-part Harassment Prevention and the Respectful Workplace video training series, delivered via UKG Learning. The training reinforced the importance of treating others with respect regardless of race, ethnicity, sex, religion, or any other protected class, and covered identification of unwelcome conduct, legal definitions, and reporting requirements. All associates were required to view the Harassment Prevention and the Respectful Workplace Policy in UKG within 30 days.

Hiring managers for this unit completed a four-part hiring manager training series covering resume review, interviewing, compliance and bias awareness, and offer/onboarding, including FCC EEO compliance content, UKG Pro Recruiting workflow guidance, and scenario-based content addressing national origin bias and inconsistent interview questioning. This training was delivered live on June 23rd and then developed into a training video that is available to all new managers via UKG Learning.

All employees of this unit completed a Personnel Confidentiality and Respectful Workplace Communication training, addressing what is and is not appropriate to share about coworkers and a praise-in-public, coach-in-private approach to feedback, and reinforcing that coworkers should be treated with the same respect and care as customers. Delivered on August 20th.

Employees of this unit completed a four-part AI workplace training series covering AI safety, confidentiality, and policy compliance, aligned to the company's AI Acceptable Use Policy and including role-specific use cases for broadband and cloud services roles. Delivered via UKG Learning on May 19th.

This unit's leaders also participated in a company-wide quarterly leadership development series featuring live sessions from outside facilitators, recorded for anyone unable to attend. On March 19, 2026, John Maxwell-certified leadership trainer and author Jay Foreman led a session equipping leaders with the mindset, tools, and practical strategies to navigate organizational change with confidence and resilience, reframing disruption as an opportunity for growth. On May 20, 2026, Sierra Collins led a session on emotional intelligence, focusing on self-awareness, self-regulation, and relational effectiveness to help leaders recognize emotional triggers, regulate their responses under pressure, and better understand the emotional dynamics of their teams. On August 19, 2026, Sierra Collins led a follow-up session on the GROW coaching model.

Finally, our network, WISE (Women in Support of Excellence), continued to deliver quarterly virtual coffee networking events for interested employees. During the reporting period, WISE hosted a panel discussion featuring three accomplished Schurz leaders, who shared their career journeys, leadership

insights, and lessons learned to offer valuable perspectives on professional growth and development. WISE also launched a WISE Reads book club, which met weekly for eight weeks beginning February 10, 2026, and brought in a DISC facilitator to lead a DISC assessment and training session open to participants across all units. During the reporting period, WISE membership was also opened to all employees, not only women, broadening access to these networking and development opportunities.
